

E16 Runway Work update

Contributed by Mike Brogley
Friday, 27 October 2017

The following is the latest announcement from Airports Director Eric Peterson. This one is dated 11/02/17.

Good news everybody. We are now scheduled for runway paving work at San Martin Airport this coming Tuesday November 7th. Expect the runway to be closed for that entire day while the contractor perform much needed paving repairs. As in the past however, please understand that we are at the mercy of the weather, and this date, like the others, is subject to change.

If you would like to make arrangements to temporarily move your airplane to Reid-Hillview, contact Pam Svrclin at 408-918-7700 x27707 or pam@countyairports.org. You are always welcome to contact me too.

Eric Peterson, Director County Airports, x27722
