Gilroy Compassion Center Thanks SCAPA DART for Food Donations

by Jeff Wagner, Board Member, Gilroy Compassion Center

On April 7, 2018, the South County Airport Pilot Association (SCAPA) conducted a Disaster Airlift Response Team (DART) exercise at the San Martin Airport.

The DART exercise simulated the aftermath of a local earthquake disaster. Aircraft were used to airlift food and supplies to and from San Martin Airport.

Local residents, as well as members of SCAPA, brought various food items that were used in the exercise, and afterwards were donated to the Gilroy Compassion Center. As you can see in the photo, SCAPA and the local residents were very generous! Thanks to everyone who contributed! And a big thanks to SCAPA for thinking of the Gilroy Compassion Center!
